Frontend Developer

Batumi, Georgia

About myself

I've been in IT industry for 3 years. During that time I developed my skills drastically by self-learning, and enriched them by studying at frontend courses from EPAM company. In my spare time, I mostly working on my pet projects and improving my programming skills. As a person, I'm diligent, well-balanced, definitely a team player, but also hardworking, ambitious and goal-oriented. I believe that IT sphere takes continuous improvement to succeed, and I'm willing to contribute.

Experience

Frontend Developer

Freelance

April 2023 - Now

- Collaborate with designers and other developers to create and implement website designs
